## PREFACE

---

The executors of the estates of the late W. S. Sisson and L. H. Fahnestock have given me instructions to sell at public auction the varied collections of coins of these two gentlemen, and I have endeavored to give in the following pages briefly, but I trust, carefully and I hope sufficiently explicit, descriptions, so the intending purchaser will be able to picture to himself the coin described and send in his highest bid for the number. Nearly every series is represented by a number of excellent coins, several of great rarity, and I trust everyone receiving this catalogue will at their earliest convenience send in some bids.

Collectors may feel sure of the coins, etc., meeting the descriptions in the catalogue, for I take great pains to carefully describe each item—not over-rating—and if damaged or with defects, you will find attention drawn to it; so bid all the lot is worth to you and you will not be disappointed.

Thanking collectors for their liberal support and appreciation of my efforts to treat them fairly and with liberality, and endeavoring to merit a continuance of the same, I remain,

Sincerely,

HENRY CHAPMAN,  
Numismatist,

## TERMS OF SALE

---

This sale is made for cash. Bills payable and goods ready for delivery immediately after conclusion of the sale. The highest bidder to be the buyer. Should a dispute arise and the disputant has a voucher that he was bidding, and is willing to advance on the price at which the lot was stricken off, the said lot will be put up again and resold to the highest bidder. This does not apply to where a bidder has not made any offer prior to the said item being knocked off—then the auctioneer will use his judgment as to the good faith of all claims, and his decision shall be final.

The auctioneers reserve the right to refuse the bid of an individual if he declines to make a cash deposit or pay sum bid on their request to do so.

No lot is separated. All are sold so much each piece and subject to the catalogue description and number. Should any lot be misplaced, the buyer does not acquire any right in it if it is stricken off without the mistake being discovered, and such a lot must be returned to the auctioneers. If any lot cannot be delivered, the auctioneers and cataloguer are only responsible for its value as sold at this sale. The cataloguer and auctioneers reserve the right to bid on their own account and for their clients who have sent them bids to be executed.

Every item is guaranteed genuine, and this holds good indefinitely.

No coins exhibited during the progress of the sale unless by special request, when every courtesy will be extended that is possible. Collectors are requested to carefully examine the coins while on exhibition, from 9 to 12.30 o'clock day of sale at the auction rooms, marking their catalogue, thus being prepared, as the sale progresses at the rate of 200 to 250 lots per hour.

I will carefully and faithfully execute any bids entrusted to my care for a commission of 5 per cent. on the amount purchased. No charge for work done on any not bought.

The auctioneers will execute bids free of charge, but assume no responsibility, and require payment prior to delivery of the goods.

The cataloguer and auctioneer will not be responsible for any errors made by bidders.

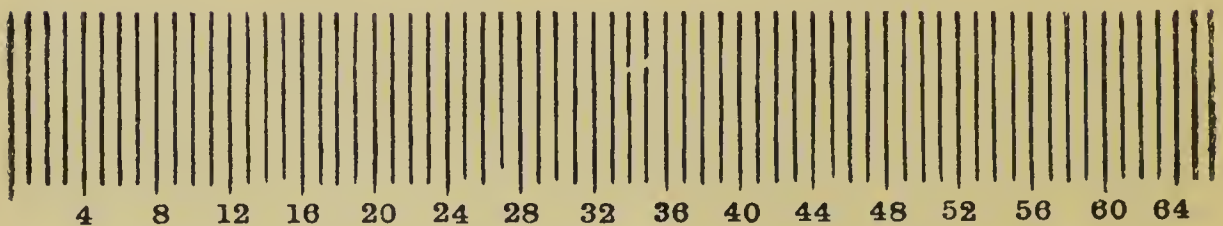

Hand-priced catalogue after sale for \$1, payable in advance.

## CUBA.

557 1897 Souvenir peso or dollar. PATRIA Y LIBERTAD \* SOUVENIR in field divided by the head of liberty is 1897. R. \*REPUBLICA DE CUBA \*900\*\*\*\*\* FINO. Arms of Cuba in wreath. Unc.

558 1898 Peso. Type and inscription as last, but with date *below* the head, and on reverse UN PESO below arms. Good. Excessively rare and the only example I believe I have ever seen both with this date of 1898 and the words UN PESO. At the time of issue we were informed that to put the denomination was absolutely prohibited—may this not therefore have been a pattern, and its maker carried it with him, which accounts for its worn condition. Evidentially made by same die sinker who made those of 1897.

## SILVER COINAGE.

## NEW ENGLAND SHILLING.

563 (1652) Shilling. NE for New England in a punch mark square sides and base, but domed top. R. XII in an oblong punch mark. The rest of the planchet plain. The punch marks very fine and clear; that of the reverse being about 2/3 the size of the shillings previously known. Crack in planchet across top of NE. Very fine. Of excessive rarity and I believe but one other known of this small XII, and also the N E, is from a different die to that pictured by Crosby, plate 1, 3.

## UNITED STATES SILVER COINS.

## SILVER PROOF SETS.

Each set consists of the silver, nickel and copper coins of the year. Especially fine, brilliant sets, never cleaned, as bright as when they left the mint; the 1878 is the exception. Sold so much a set. If any collector desires to make a bid on the whole set it will be entertained, and if to the mutual advantage to seller and buyer, in my judgment, they will be sold as a set.
